- Front-end implemented with Reactjs
- Integrated basic CRUD functionality.

Markdown Notes App - GitHub Repo

Notes app that supports markdown parsing

- Developed with Javalin and Hibernate ORM
- Integrated with Sqlite

Calculator - GitHub Repo

Calculator app that supports programmer operations such as Binary or Hexadecimal, and logical operations like AND.

- Made with Python and Kivy
- Includes Buildozer file used for Android compilation

Education

Sep 2023 - Dec 2024

WeThinkCode

NQF5 in Information Technology

Relevant coursework: Data Structures, Web Development, Databases, Algorithms

Feb 2022 - Jun 2023

Richfield Institute of Technology

Diploma in Information Technology (Incomplete)

Relevant coursework: Data Structures, Web Development, Databases, Algorithms

Certifications

- x86_64 Assembly - OpenSecurityTraning2 (Jan 2025)
- Introduction to GDB - OpenSecurityTraning2 (Dec 2024)
- Intermediate C++ - Sololearn (Jun 2024)
- Introduction to C++ - Sololearn (Jun 2024)

Soft Skills

- Problem-solving and analytical thinking
- Effective communication and teamwork
- Time management and adaptability
